SUMMARY

Passionate, self-driven Software Engineer

EXPERIENCE

Software Engineer

Rubin & Rothman, LLC

July 2021 - Present, Islandia

- Solve production issues within a timeframe.
- Code review coworkers' code and provide feedback.
- Maintain and extend a company-wide dashboard.
- Create organizational standards for software.

Jr. Software Developer

Rubin & Rothman, LLC

January 2020 - July 2021, Islandia

- Maintain and extend existing software.
- Develop modern software using Java.
- Collaborate with the developers of the legacy system.

PROJECTS

Media Export

Rubin & Rothman, LLC

- Table-driven electronic transmission program to send documents to our clients according to their requirements.
- Helped the company by providing one application to send all required documents to any of our clients. Automatically sending media on a schedule reduces the workload of employees who spend a large amount of time on it to 0.
- Respect client requirements dynamically, such as file name conversions, transmission methods, zip methods, and encryption.

Media Downloader

Rubin & Rothman, LLC

- Table-driven application to download media from our clients and archive to our system.
- Processes hundreds of GB per day from multiple clients.
- Cross-reference manifests from our client's data to our system data.
- Redact sensitive information, then archive it to our system.

Company Dashboard

Rubin & Rothman, LLC

- Authenticate users via Active Directory.
- Generate large-scale reports given multiple criteria.
- Helped employee productivity by speeding up report generation, automating workflows, and providing one place for all employee tasks.
- Design a REST API for backend and frontend communication.

Document Generator

Rubin & Rothman, LLC

- Create dynamic PDFs based on a template and multiple fields from our database.
- Design a dynamic system to insert data from the database on any document.
- Print documents to any printer in the office.
- Vastly improved the amount of documents produced daily, which allowed us to accept new clients.

EDUCATION

Computer Science B.S.

Stony Brook University · Stony Brook · 2021
